Notice to all residents from the Carroll Police Department

We continue to hear that many people in Town have questions about the Police Department. In an attempt to better show what the Police Department is doing we created a website about a year and a half ago to post news, information, ect.

While we know this has helped in getting some information out there we know that there are a lot more questions people want answers to. Please stop in to the Police Department to speak with any of the Officers. If you cannot make it to the station you can also send any of the Officers an e-mail from the Carroll Police Department website: www.carrollpd.org.

Please stop in to ask your questions and voice your concerns so we can better serve and work with the people of our wonderful town. Come see just how busy our little town really is. You have questions, please come get your answers.

Sincerely,

Ptl. Tadd Bailey / Det. Richard Brown
